

HELLO

We have around twenty years experience of printing graphics and signage for installation, and it is this knowledge and expertise that enables us to deliver the quality of service we have become renowned for across the UK.

Adrian Rushton
Managing Director

/SHEPHERD'S VIEW

THIS CONTEMPORARY ECO-LODGE IN DERBYSHIRE CELEBRATES THE STUNNING LOCAL SCENERY WITH OUR CUSTOM PRINTED WALLPAPERS.

Located in a secluded private setting overlooking the Kniveton Valley, Derbyshire, Shepherd's View is a stunning new venue on the edge of the Peak District National Park.

We worked closely with [Ashbourne Self Catering](#), who specialise in providing venues for large group celebrations. The premium interior of Shepherd's View Lodge, accommodates 16 guests in seven contemporary en-suite bedrooms. The main communal space is light and airy with stunning views across miles of uninterrupted rural views.

Our team focussed on four areas; three bedrooms and a huge feature wall in the lounge stretching over five metres tall. Each image was carefully manipulated to complement the tones and hues of the decor and offer a glimpse into the beauty of the surrounding countryside.

Once printed on our state-of-the-art, in-house machines, our professional installation team fitted all four wallpapers in just a single day.

This project demanded nothing less than perfection and we were happy to oblige.

/PRINTED WALLPAPER

~~~~~

We love that this custom printed wallpaper looks as though the beds are nestled in the wild heather above Lady Bower Reservoir.

The photograph was adapted to enhance the tones and hues of the chosen decor.

## /BANNERS

This wonderful image of local landmark 'Stanage Edge' has been adapted to suit the soft neutral tones of this bedroom.

We printed the design to a linen textured wallpaper for a premium feel in this stunning accommodation.

## /BESPOKE WALL GRAPHICS

This five-metre high wall is a dramatic feature in this open plan dining/living area.

Comfy sofas strewn with cushions and throws give a Scandinavian feel against this bespoke woodland scene.

## /CUSTOM WALLPAPER

~~~~~

This calming vista from Mam Tor – a locally recognised landmark and towering beacon on the skyline – was used as the focus for this custom wallpaper.

We adapted the photograph to complement the tones and hues of the decor.

This premium wallpaper has a lovely woven texture to remove any glare.
