Food deliveries

We ask that you book any food & drink deliveries for after the check-in time of 4pm, or later if you plan on arriving in the evening.

If Shepherd's View Lodge does not appear as an option when entering the address online, please write a note to tell drivers to carry on past Knivetonwood Farm for 200m, where they'll see the lodge on the left.

Music

Please organise your shopping & travel accordingly, to arrive no earlier than the agreed check-in time.

Any amplified music must be played inside the house only, and during this time, all doors and windows must be closed.

All bands must stop playing at 11pm, and all amplified music & DJ sets must end by 12am.

All other music (Bluetooth speaker for example) must cease by 1am. If you would like to decorate, we recommend telling the other guests that check-in is 5pm, to give you an hour beforehand. Please use white tack rather than tape, as it damages the paint and leaves marks on the glass.

Decorations

External power source

A generator must be booked if an electrical source is required externally. You must organise and bring this, as it is not something that we provide. The wiring of the house does not allow you to plug any external sources into our electrics, or run extension cables outside.

Please check if you are planning on having outside catering that they are aware of this.

Inflatables

Please ensure that you check there is sufficient space at the property before booking your supplier.

Bouncy castles and other outdoor inflatables must be down and out of use by 10pm. You will need a generator booked in with your supplier for any inflatables. They cannot be plugged into our sockets.

Wifi & mobile coverage

Wi-Fi is available with good speeds of up to 20MB. Mobile coverage is poor.

If in the owner or property manager's reasonable opinion, you or any member of your party behaves in such a way as to cause or be likely to cause danger, upset or distress to any third party or damage to the property, or in any way damage the reputation and/or goodwill of the owner we are entitled, without prior notice, to terminate the occupation of the person(s) concerned. In this situation, the person(s) concerned will be required to leave the property. No refunds will be made and we will not pay any expenses or costs incurred as a result of the termination.

Should we receive complaints concerning your behaviour, and specifically noise, we reserve the right to permanently withhold some or all of your refundable damage charge.

Shepherd's View Lodge is a self-catering venue. Unlike a hotel, it is the guests' responsibility to return the house as you found it. Any excessive cleaning after your departure will be deducted from the security deposit paid by the organiser.

- Before departure, all guests must strip their bedding (not the mattress or pillow protectors), and put the sheets and towels in the bags provided.
- Please empty all bins in the bedrooms, conservatory, and kitchen, taking the waste out to the large green bins by the games room.
- Ensure that the kitchen, glassware, and crockery is left clean and washed.

Insurance

Guests' personal belongings are not covered by our insurance.

Noise restrictions

All music & noise must be retained at an acceptable volume during your stay, no outdoor music (smartphone & iPod included) is permitted after 11pm. No amplified music is allowed outside at all time.

Indoor music

- If music is being played inside the house, all doors and windows must be closed. All amplified music must cease by midnight.

All music & noise must be retained at an acceptable volume during your stay. A breach of these conditions could constitute antisocial behaviour & may result in a council official or police officer visiting the house during your stay. If you are told to leave the premises due to a breach of these conditions, no refund of any monies paid will be given.

Hot Tub Terms of Use

As the lead guest, you are responsible for ALL the people in your party staying at Shepherd's View Lodge. You are accepting that you are aware and agree to this information.

We understand that having a hot tub in your self-catering accommodation is a truly luxurious touch and will enhance your experience. For your and your guests' safety, it is essential to understand and adhere to the advice and guidelines for proper use, as outlined below:

The hot tubs are useable from 6am to 10pm each day - after this time they switch off, go into cleaning mode & must not be used.

The hot tubs are regularly maintained and may be emptied, cleaned, and refilled on the day of your arrival. Therefore, the hot tubs may not be up to temperature until late evening/early the next morning.

- Ashbourne Selfcatering LTD/Lodge & Home Rentals LLP takes no responsibility for any accident, injury or health issue resulting from the use of the hot tub.
- The hot tub must never be switched off at the mains. Only authorised maintenance personnel are authorised to control the mains power.
- Hot tub cleanliness is paramount. For your own safety it is essential that the water is kept clean, as failure to do so results in the water balance changing, which seriously diminishes the effectiveness of the sanitising chemicals. Our authorised maintenance personnel will check the chemical balance of the hot tub periodically to monitor the levels of micro bacteria, water balance and quality. This may be up to 2 times a day (dependent on usage). Water balance/chemicals will be adjusted as necessary, and results recorded. This procedure is a safety requirement for hot tubs in holiday properties and ensures that the chemical balance of the water remains continuously safe throughout your stay.

If upon inspection the hot tub is found to be dirty due to misuse, it may be necessary for us to empty the hot tub and switch it off. We reserve the right to turn the hot tub off for the remainder of your stay, and charge a £75 cleaning fee or any additional damage costs.

Hygiene

- Guests must shower and use the toilet before entering the hot tub.
- Do not wear sun tan lotions, fake tan or skin creams.
- Do not use any soaps or detergents of any type in the hot tub.

Food & Drinks

- Never take glass into the hot tub; plastic glasses are provided.
- Food is not permitted in the hot tub.
- Any glass broken in or around the tub needs to be reported immediately.

Proper Use

- A minimum of 2 people permitted in the hot tub at any one time.
- Do not exceed a maximum of 15 minutes immersion time
 - Keep all loose articles of clothing and jewellery away from the rotating jets.
- Test the water with your hand before entering to make sure it is a comfortable temperature.

- Guests should never submerge their head in the water. Hot tub water is not suitable to be in or near your mouth and should never be consumed. It is your responsibility to instruct any children of this advice.
- Do not jump into the hot tub, nor stand on or jump on the lid.
- Be aware that surfaces in and around the hot tub may be slippery with water or ice.

Operation

- ONLY use the control panel buttons shown to you on entry (this information will be displayed in the information folders at your Ashbourne Self Catering property). Improper use can put the tub to sleep/in Eco mode, which lowers the temperature and can take up to 24 hours to warm up again, increasing the possibility of bacteria multiplying.
- Never remove the operating panel, the suction fitting, or any other part from the hot tub. This could result in breaking or damaging the hot tub.
- No smoking is permitted while using the hot tub.

Pregnancy & Children

- Risk to children – Extreme caution must be exercised to prevent unauthorised access by underage children. The hot tub cover must remain closed at all times, unless a responsible adult is present.
- No children under 5 years old are permitted in the tub, as they cannot regulate their body temperatures suitably.
- Instruct your children to shower and visit the toilet prior to use of the tub, and inform them to keep their heads out of the water.
- Use extreme caution with all children wishing to use the hot tub, they are prone to overheating and this can be very dangerous. All children under 16 MUST be supervised at all times.
